

# Bus diversion due to work on Saint Sebastian bridge

Sunday 25 August 2019 until early 2020

The St. Sebastian bridge in Delft is being rebuilt so that we can continue to travel safely and quickly between the centre and the TU Campus. HTM tram line 19 is also being extended from Delft Station to TU Delft Campus. These activities will have an impact on your journey on RET bus lines 40 and 174 and EBS bus lines 37, 60, 62, 63, 69 and 455. EBS will provide the public transportation in this area starting from the 25th of August, instead of Connexxion.
